de Lille

## Target public

International non-French-speaking students, enrolled on a Masters at the Pont de Bois Campus of the University of Lille.

## Course objective

- **Student welcome** by the personal tutor and definition of objectives: Dialang or ELAO test, forecast roadmap (daily and weekly tasks and activities to be completed), recommendations and definition of strategies,
- **Independent work** at the Language Resource Centre using resources chosen on the basis of the objectives defined at the start of the course, and keeping a log and a reflective learning journal,
- **Participation in platform activities:** tracking of the schedule, participation and activity in forums and work on glossaries, submission of work,
- **“Learn to learn” groups** and organisation of oral production and phonetics workshops,
- **Advisory session by appointment,**
- **Production of a portfolio** containing the work produced during the semester (see more detailed conditions) and chosen in the light of each individual’s needs,
- **Self-assessment and assessment** by a final interview: compliance with the educational contract, keeping of a learning journal, participation in the platform’s groups and forums, portfolio and final interview.

## Number of hours

This module lasts 12 weeks per semester with 2 hours per week.

Alternate independent-learning and group sessions are organised. If you add the work on the platform, this represents a minimum of 30 hours of work per semester for students.
